## EVIDENCE

Functions Available
- View assessment requirements
- Preview blank forms
- Print off handours for assessors

In this section, the evidence that is collected by each of the WPBA tools is shown. These include:

- Case-based Discussion
- Consultation Observation Tool (in primary care)
- Direct Observation of Procedural Skills
- Clinical Evaluation Exercise (Mini-CEX) (in hospital posts)
- Clinical Supervisors Reports (in hospital posts)
- Multi-Source Feedback
- Patient Satisfaction Questionnaire (in primary care)

These are not pass or fail assessments; the evidence may be insufficient or inadequate particularly in the early stages of training. Your picture of competence can be built up as more evidence is fed into the system.

VIEW ASSESSMENT REQUIREMENTS

Here you can view information on your current assessments. There are two columns; the completed column shows the total that have been submitted and the minimum column shows the number that should be completed by the time of the next review.

The information listed gives a summary of the number of assessments that the trainee has to complete or has completed in preparation for their next review. The review type can be amended through the drop down box located at the top of the screen; the options available in review type are shown below.

Depending on the review type that you select, the 'completed' column will increase or decrease accordingly.

You will currently be in summary mode. To have a more detailed look into each of the assessments, select by clicking on the name of the assessment (circled above). Each of the assessment screens will have similar layouts. For demonstration purposes we will use the DOPS information for this trainee.

From this screen you can preview the evidence collected for the trainee.

PREVIEW BLANK FORMS AND PRINT OFF HANDOUTS FOR ASSESSORS

You can also request that an assessor completes a form for you or you can preview a blank form. To preview a blank form, simply click the 'Preview' button on the form.

If you wish to make a request for an assessor to complete a form, click on the 'handout' button.

In this case, a screen will be displayed entitled DOPs request. Complete the form using the instructions given.
