

## Good medical practice form

Please complete this form and add it to your **Appraisal and Revalidation portfolio**.

Use this form to note how you have kept up to date and how you have achieved improvements.

### What steps have you taken since your last appraisal (or in the last year if this is your first appraisal) to maintain and improve your knowledge and skills?

Examples of documentation you might refer to and attach: your PDP; your practice development plan (if applicable); records of all CPD/CME activity or other education/courses; membership of a non-principals group or other opportunities for group learning with colleagues. Please summarise your professional reading habits.

*Have taken on new part-time post outside the practice which involves further study and tutorials.*

*Have attended courses and conferences.*

*Medical reading of General Practice journals.*

*Medical education certificate in preparation for becoming a trainer.*

*Update course in Rheumatology in open-learning format.*

### What have you found particularly successful or otherwise about the steps you have taken?

Do you find some teaching/learning methods more effective than others? How will you reflect this in your future approach to maintaining good medical practice?

*New post with supportive colleague very positive and the need to feedback to someone else essential.*

*Group work in practice to learn from others through audit and case analysis.*

*Blended learning education with case-based format that is flexible and is paper, CD and internet based.*

*Local clinical meetings difficult to attend.*

### How do you see your job and career developing over the next few years?

*Expanding to be more diverse and rewarding by extending GP role.*

*Practice based commissioning being developed so able to provide more services locally and linked to the practice.*

### Documents list

*Course certificates.*

*Summary of new post.*

*Audits.*

*Evaluation from open-learning course.*
